Note 1 – Summary of Significant Accounting Policies

Organization

The Michael Rolfe Pancreatic Cancer Foundation d/b/a Rolfe Pancreatic Cancer Foundation ("the Foundation") is an Illinois not-for-profit corporation incorporated on December 27, 1999. The Foundation's mission is to serve as a catalyst for the early diagnosis and ultimate cure of pancreatic cancer. The goals of the Foundation are to advance the development of early detection, fund medical research at leading clinical and academic centers, and provide resources for pancreatic cancer patients and their loved ones throughout the United States. The Foundation is supported through public and private donations, event sponsorships and event attendance.

Basis of Accounting

The financial statements of the Foundation have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Cash

The Foundation considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Cash at December 31, 2016 and 2015 consists of bank checking account and money market funds. There were no cash equivalents at December 31, 2016 and 2015.

Contributions and Grants

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Grants and other contributions are reported as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Contributions with restrictions that are met in the same period as receipt are reported as unrestricted support.

Property and Equipment

Property and equipment are carried at cost or at estimated value on date of donation. All purchases in excess of \$1,000 are capitalized while lesser amounts are charged to expense. Depreciation on property and equipment is computed using the straight-line method over the estimated useful lives of the assets, which is five years. Gains and losses from the sale of property and equipment are included in income. Maintenance and repairs are charged to operations.

Note 1 – Summary of Significant Accounting Policies (Continued)

Fair Value Disclosures

The fair value of financial instruments including cash, pledges and gifts receivables, prepaid expenses, accounts payable and accrued liabilities approximates the carrying values, principally because of the short maturity of those items.

Financial Statement Presentation

Financial statement presentation follows the recommendation of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958-210-45. Under ASC 958-210-45, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. For the year ended December 31, 2016 the Foundation had \$413,461 of unrestricted net assets and \$-0- of temporarily restricted net assets. For the year ended December 31, 2015 the Foundation had \$424,820 of unrestricted net assets and \$5,000 of temporarily restricted net assets. The Foundation had no permanently restricted assets in either year.

Income Taxes

The Foundation has been classified by the Internal Revenue Service as an organization exempt from income taxes (not a private foundation) under Internal Revenue Code Section 501(c)(3) and, accordingly, no provision for such taxes is made in the statements. The Foundation continues to operate in compliance with its tax-exempt purpose. Management does not believe its financial statements include uncertain tax positions.

The Foundation files U.S. federal and Illinois state informational tax returns. The federal and state informational tax returns of the Foundation for tax years 2014, 2015, and 2016 can be subject to examinations by tax authorities, generally for three years after they were filed. The Foundation recognizes interest accrued related to unrecognized tax benefits in interest expense and penalties in operating expenses. At December 31, 2016 and 2015 there was no interest or penalties relating to income taxes recognized in the statement of activities.

Subsequent Events

Management has evaluated subsequent events through June 20, 2017, the date the financial statements were available to be issued.
